# THEMES & SYMPOSIA

## MATERIALS FOR ENVIRONMENTAL PROTECTION

- A) Pollution Control and Mitigation
- B) Re-cyclability and Re-manufacturing
- C) Plastics Substitution and Recycling

## MATERIALS FOR CLEAN ENERGY & TRANSPORTATION

- D) Energy Storage Materials
- E) Photovoltaic Materials
- F) Novel Energy Materials
- G) Composite and Nanocomposite Materials

## MATERIALS FOR COMMUNICATION

- H) Photonic Materials
- I) Electronic and Magnetic Materials
- J) Quantum Materials

Visit [mh21.mrs.org.sg](https://mh21.mrs.org.sg) for the complete details. For inquiries, please email [mh21@mrs.org.sg](mailto:mh21@mrs.org.sg).

# THEMES & SYMPOSIA

## **MATERIALS FOR HEALTHY LIVING AND AGING**

- K) Materials for Diagnosis
- L) Materials for Therapeutics & Rehabilitation
- M) Materials for Drug Design & Delivery

## **MATERIALS FRONTIERS**

- N) Computer Aided Materials Design
- O) Materials for Additive Manufacturing
- P) Materials for Food Science and Technology

## **MATERIALS EDUCATION, COMMUNICATION AND LITERACY**

- Q) Post COVID Materials Science EdTech
- R) Art of Science Communication
